

CHANGE MANAGEMENT FOR ENGINEERS TRAINING COURSE

“Avoid costly mistakes get it right the first time”

26th -27th July 2010 KL

28th-29th July 2010 SG

19th – 20th September 2010 Bahrain

21st-22nd September 2010 Dubai

Please find enclosed information on our upcoming International training course the Change Management for Engineers. This event provides and assists Engineers in developing skills in leading and managing people whilst driving performance and change management.

The training course will be covering hot issues for engineers on site such as

Immediate improvements in staff communications

Inspiring your staff towards higher performance levels

Making better decisions on time management

Using the right methodologies to create and sustain change

Developing the skills to take an active role in leading change

Instigate positive change and performance improvement in the workplace
